**INTERVIEW SUMMARY**

Sir:

Applicant submits the present Interview Summary pursuant to MPEP § 713.04 to confirm that Examiner Vuong's Interview Summary of October 20, 2009 accurately reflects the substance of a telephonic interview between Examiner Vuong and Applicant's below-named representative. During this interview, Applicant's representative reviewed the facts set forth in Applicant's October 16, 2009 Comments on Statement of Reasons for Allowance which explain the situation regarding Applicant's December 5, 2003 IDS. Examiner Vuong confirmed that the reference listed in that IDS had been considered for purposes of patentability, but indicated that the reference could not be listed on the issued patent because it was undated (and Applicant's had been unable to identify a date for this reference).

Respectfully submitted,
